ROMEO RINALDI BUYS BLAIRMORE AND COLEMAN THEATRES

One of the biggest real estate deals of the year in Blairmore was put through this week, by which Mr. Romeo Rinaldi, of Bellevue, becomes sole owner of the Grand Theatre, at Coleman, and the Orpheum Theatre, at Blairmore.

Mr. Rinaldi has resided in Bellevue for a number of years and will immediately take up residence here. He is a brother of Count Valentino Rinaldi, of this town.

PHYTHIAN SISTERS BAZAAR

Greenhill Temple No. 10, Pythian Sisters, will hold their annual bazaar and sale of home cooking, in the Lodge Hall on Wednesday, November 21st. Please keep this date in mind.

— If —

Mr. Ptacek, who has operated the above theatres for several years, has not yet announced his plans for the future, but will likely remain in Blairmore.

L.O.O.F. GRAND MASTER VISITS No. 6 DISTRICT MEETING

The annual meeting of District No. 6, L.O.O.F., held at Bellevue on Monday evening was very largely attended. In addition to representatives from Pincher Creek, Cowley, Coleman, Blairmore and Bellevue, about thirty-five were present from Michel, representing the jurisdiction of British Columbia.

The meeting was called to order by James Cousins, district deputy grand master, and the regular routine of business was proceeded with. Many important matters were dealt with, and a general discussion ensued over the recent amendments to the constitution and secret work.

A feature of the evening was the official welcome accorded Bro. Alex. M. Campbell, of Edmonton, grand master of the Alberta Grand Lodge, and the introduction of members from British Columbia.

At the appointed time, the meeting was addressed by the grand master and others.

Bro. James Miller, past district deputy grand master, of Pincher Creek, received the unanimous recommendation of the convention delegates to become district deputy for the year 1929, while Bro. Harry Clements, also of Pincher Creek, was chosen district secretary.

At the close of the meeting, refreshments were served, followed by speeches, recitations, etc., and the gathering dispersed with the singing of "For He's a Jolly Good Fellow."

Grand Master Campbell left by Tuesday's local for Claresholm, where he attended the regular meeting of the Claresholm lodge that night.

COWLEY ANNUAL SCHOOL FAIR, SEPTEMBER 21st

A school fair meeting was held here on Saturday night, when final arrangements were made to stage the best and biggest fair of its kind ever held here. The date of the fair is set for Friday, September 21st. The various departments, such as live stock and poultry, vegetables, grains and flowers, cooking, canning, handwork arts, etc., were placed in the hands of committees who will carefully look after each division of the work. Arrangements are also being made to have the forest ranger's exhibit, together with the showing of fishes that abound in our streams. In the afternoon, field sports, including horse races, will be held on the Cowley sports grounds. A contest of public speaking, reciting and singing will take place in the evening.

The fair will be judged by competent persons from the Claresholm School of Agriculture.

The day's programme will conclude with a big dance. A sumptuous repast will be served at midnight. A high-class orchestra will be in attendance.

A large crowd is expected for both day and evening performances.

The following school districts will take part in this fair: Cowley, Tanager, Lee, Coalfields, Firgrove, Ashvale, Burnis, Willow Valley, Lundbeck, Tenneyson, Todd Creek, Gadsbill, Maycroft, Olin Creek, Heath Creek and Tennessee.

Mrs. F. M. Steele, of Pincher Creek, was the guest of Mrs. Grant Smith on Monday.

Kenneth Brockwell has been transferred from the bank staff here to the staff at Foremost.

Norman McLeod, of Lethbridge, former Cowley resident, was in town on Wednesday, renewing old acquaintances while enroute from a holiday trip to B.C.

Accompanied by her mother, Miss Agnes Wycliffe, of North Fork, left on Sunday night's train for Edmonton, where she will enter a hospital as a nurse-in-training.

Mr. Henry Jackson, who has been in ill health for the past several weeks, left on Friday for Calgary, where he will consult a specialist in regard to his well being.

John Musgrave has threshed a small plot of two thirds of an acre of Kharkov wheat, grown on his ranch three miles west of town, which threshed out 53 bushels of a good quality of grain.

A special meeting of the Cowley Women's Institute was held at the home of Mrs. Archie Swart on Wednesday afternoon, when Mrs. D. R. Melvor, provincial secretary of Stettler, addressed the meeting on institute work. She handled her subject ably, which proved an inspiration to the ladies present. She acquainted them fully on many points which heretofore they apparently had not grasped the significance of. A dainty repast was served in honor of Mrs. Melvor at the close of the meeting, when the ladies gathered around a table, tastefully decorated with cut flowers. This gathering was especially impressive, as in years past Mrs. Melvor was president of this branch institute, when on previous occasions the W.I. members here had enjoyed many friendly gatherings in like manner. Mrs. Melvor was then a resident of Cowley and gave of her untiring efforts along many lines of institute work.

Miss Georgina Chiaravano, of Bellevue, has accepted a school north of Edmonton.

A LOCAL FISHERMAN'S PRAYER

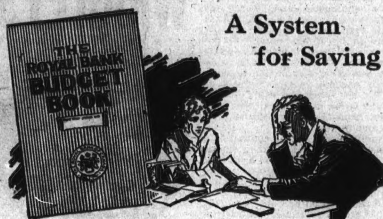

Lord, suffer me to catch a fish
So large that even I,
In talking of it afterwards,
Shall have no need to lie.

— If —

The Scotch element of Macleod recently enjoyed a Scotch concert given over the radio. All the Macks, Jocks, Alecks, Sandys and Jamies claimed it was the loveliest music heard over the radio for a long time. What made the concert even more pleasant was that the hat didn't pass around.

Remember the harvest supper being held at the United church on Monday next at 6 p.m.

We regret that in our last issue an item had a misleading effect. In reference to the case of McLaren Lumber Co. Limited, versus certain parties accused of stealing logs, the appeal was instituted by parties convicted and fined by Magistrate Gresham, and after hearing the evidence in appeal, Judge McDonald also found the parties guilty and upheld the magistrate's decision.

WORLD HAPPENINGS BRIEFLY TOLD

The engagement of King Boris, of Bulgaria, to Princess Viovanza, of Italy, is reported.

Reductions ranging from a nickel to 50 cents a bottle are effective in Saskatchewan liquor prices, according to the price list issued by the Saskatchewan liquor board.

Attempts are being made to organize a meeting of countries directly interested in evacuation of the Rhine land. It is understood in League of Nations circles.

Only one-fifth of an inch of rain fell in Vancouver, during the month of August, making it the driest August since the taking of records commenced in 1905.

The Canadian Mail Contractors Association in convention at Toronto, decided to urge abolition of the contract system and the institution of a salary basis of \$70 per mile per year.

The New South Wales cabinet has approved the proposal of the state agricultural department to import high quality Aberdeen Angus cattle from Canada as part of a scheme to improve the export beef trade, particularly baby beef.

The U.S. department of agriculture has lifted the embargo on dairy products passing through Montreal. The embargo was placed in effect during a typhoid fever outbreak in the Canadian city. It originally covered 200 miles but had been decreased from time to time.

A new list of broadcasting stations in Canada has just been issued by the Radio Branch, Department of Marine and Fisheries. A careful reading shows that there are four new licenses, while one station has dropped its license, bringing the total number of licenses in Canada to seventy-six. This list supplements the list issued late in June.

Missionaries can explain their religion. The hard part is to explain their civilization.

Little things console us because most of our affections are little ones.

ECZEMA BROKE OUT IN PIMPLES

Had to Keep Hands Out of Water. Cuticura Heals.

"Eczema started with an irritation and soreness between my fingers. Later it broke out in small pimples which were red and full of water. I had to keep my hands out of water, and could not do my regular work. The itching and burning certainly kept me awake at night. A neighbor recommended Cuticura Soap and Ointment so I sent for a free sample. After using it I discovered the trouble was disappearing so I purchased more, and my hands were perfect after using one cake of Cuticura Soap and half a box of Cuticura Ointment." (Signed) Miss Mollie Hanna, Oswego, N.Y., Oct. 10, 1927.

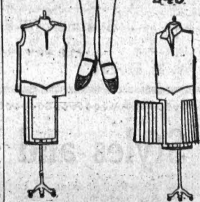

Use Cuticura to heal skin troubles.

Fraser River Gold

After more than half a century of neglect, the gold gold-bearing bars of the Fraser River are being extensively prospected again and mining men predict a new era of intensive development on this famous mineral-rich stream. Not since the early sixties has the Fraser been prospected so thoroughly as now.

The man who praises the baby always wins the mother's smile.

Farmers' Marketing Tour

Canadian National Railway Tour
To Great Britain and
Denmark, 1928

(Continued.)

It was not far from Craigie Mains to Hobsland, the home of Mr. Thomas Barr, the Ayrshire cattle breeder, where, incidentally, we learned that our leader, Mr. Ayr, had spent part of his honeymoon!

It is safe to say that none of us had ever seen a finer herd than that which was shown to us, fine, big, heavy, deep-milking cows, every one a picture of what an Ayrshire ought to be. The 75 cows in milk average between 900 and 1,000 gallons, with one yielding 1,500 gallons, testing 4 per cent. Most of these cows were daughters of champion bulls, Mr. Barr does a great deal of business in Canada, and at this year's Royal Show a large proportion of winners was from stock of his breeding.

In the opinion of the dairymen members of our party, Mr. Barr's boys were the best in the country. Part of the barns are floored with concrete, part with brick. Mr. Barr maintains the highest standards of health in winter and results in the avoidance of trouble in the knees and joints of the cattle. It is interesting to note that some of the fields on the farm have been in grass for 70 years. Mr. Montgomery's Lanesdale farm at Ochiltree which we next visited, is best known to Canadians because its name is a prefix to the names of many animals which have helped to make Canadian Ayrshire history. This farm is not far from Mauchline, where the poet Burns had a farm of his own.

Last year 100 Ayrshires were shipped to Canada by Mr. Montgomery. His herd now supplies tuberculin-tested milk by contract to the hospitals belonging to the Municipality of Glasgow, testing 4 per cent., and running up to 4.8 per cent. "Pia" herd provides one of the most outstanding examples of grading up milk and butter fat yield. In 1903 he had 40 cows averaging 5.4 gallons of 3.69 per cent. butter fat over 36 weeks. In 1921, 52 cows averaged 729 gallons of 3.9 per cent. butter fat over 36 weeks, and in 1927, 62 cows averaged 920 gallons of 4.10 per cent. fat over 36 weeks.

It was a delight to see his fine herd of milking cows and the barns and buildings erected with the best of modern in clean milk production. An interesting development was the "de-horning" of the calves. The calves, a step which is being watched closely by other breeders. Mr. Montgomery's calves are a few days old which prevents the horns from growing.

The farm of Lt.-Col. Norman Kennedy, D.S.O., breeder of the famous Donsdale herd of Aberdeen-Angus cattle, lies in the very heart of the Burns Country, on the "Banks and Braes of Bonnie Doon," one mile from the poet's birthplace at Alloway. It was a revelation to see selected members of this wonderful herd. There has such an enviable record of high awards to its credit at the shows of the Royal Agricultural Society of England, the Highland and Agricultural Society of Scotland; Smithfield, Edinburgh and Perth Spring shows and sales. Outstandingly interesting as were the animals themselves, they were regarded doubly so by the able exposition of the points of the Aberdeen-Angus breed by Mr. James Cameron, formerly agricultural editor of the Glasgow Herald and one of the foremost judges in Scotland, besides having been judged at Smithfield and in the Argentine.

We were not allowed to leave Donsdale until Lt.-Col. Kennedy had extended to us the hospitality of their beautiful home on the banks of the Doon, where in the fine grounds we were shown the five trees which were planted by the father of Robert Burns as gardener to the estate.

Interested as we were in these famous trees, we were glad that opportunity permitted us to visit it, only for a short while, the home

The flat, stale taste which you sometimes find in tea may be due to the package it is put up in. Red Rose Tea is of such fine quality that no package is taken. It is packed in aluminum, the only material that gives complete protection against dust, dampness and deterioration.

of Robert Burns. The wee clay cottage remains almost as it was in Burns' day, even to the furnishings—the kitchen table, the grandfather clock, the straight-backed wooden chairs, the plate rack and china, the hangings and the bed where the poet was born, the barn adjoining, and the cattle stalls. A small home and a humble one, but to be entered with reverence by all who believe in the dignity of labour and the independence of man. Behind the cottage we visited the museum of Burns relics, the Auld Kirk where "Auld" Shunter watched the witches dance, and, not far distant, the "Auld Brig o' Doon," where his mare Meg lost her foal.

Our excursions from Glasgow gave us little time to see the city itself, although all of us took opportunity to stroll along the famous Sauchiehall Street. Broad, with handsome shops on both sides, this fine thoroughfare is full of interest, and mirrors in its bustle and activity the vigorous spirit of this great industrial city.

Canada's trade connection with Glasgow is close. Glasgow has always favoured the removal of the embargo that was placed on Canadian cattle, and the proportion of cattle imported from that port is greater than at any other port. Glasgow, along with the rest of Scotland has also formed a high opinion of Canadian hams and bacon.

It was with special interest, therefore, that we visited the Glasgow Corporation's Meridian Wharf, at which cattle and pigs are landed. There are no finer facilities in the British Isles. The accommodation is for 4,000 head, and includes three sales rings, a large number of killing booths and excellent cold storage for carcasses before removal direct to buyers, butchers' shops or to the meat markets in the east end of the city.

And now, as guests of the Corporation of Glasgow, we were to attend our first official luncheon in Great Britain. We took our seats in the great banquet hall, the Lord Provost, Sir David Macdonald presiding. (To Be Continued.)

Alberta Elevator Construction

250 New Elevators Have Been Built In Province This Year

Approximately 250 new elevators have been constructed throughout Alberta this year. It is estimated, by local grain men, that the total capacity of these elevators would be about 18,000,000 bushels, it was stated. Some figures for elevator construction in the province were not available, but grain men stated that the great expansion of facilities had been progressing rapidly in all parts of Alberta. The capacity of the elevators varied from 35,000 bushels to 140,000 bushels. The Alberta Wheat Pool alone has 110 more elevators this year than in 1927 and practically all the public grain elevator companies have increased their storage capacity.

Combine Reaper Threshers

It is estimated that more than five thousand combine reaper-threshers are in operation in Alberta during the present harvest season.

British Columbia Exporting Eggs

Three years ago British Columbia was importing eggs. This year that province has already exported over 200 carloads.

SUNDAY SCHOOL LESSON

SEPTEMBER 16

PAUL WRITES TO HIS FRIENDS
IN CORINTH

Golden Text: "Behold, how good and how pleasant it is for brethren to dwell together in unity!"—Psalm 133:1.

Lesson: 1 Corinthians 1-4.
Devotional Reading: Ephesians 4:1-6.

Explanation and Comments

Exhortation To Unity, 1 Corinthians 1:10-13.—Through members of the household of Chloe, Paul learned that there were contentions among the members of the church at Corinth. It has been inferred that Chloe was a business woman of Ephesus who had sent slaves to Corinth in the purchase of her trade, and that on the return of the latter they had brought back this news to Paul, who was then at Ephesus. If they had belonged to Corinth it is argued, Paul would hardly have exposed them to reprisals by this disclosure in his letter. After his salutation and, words of thanksgiving (verses 3-9), Paul takes up this report and appeals to his readers to be of one mind. "I beseech you, brethren, through the name of our Lord Jesus," he wrote—a name which should be a reminder to them of their oneness in His principles—"that ye all speak the same thing," that you agree in calling Christ your Lord; and that there be no divisions among you."

A sadly needed bit of counsel for our day! It is said that in one of the great cities of England a quarrel arose among the freemen, and at the first fight which they were to fight in putting out the flames they turned the hose on one another. This is a picture of what many Christian groups are doing today. The remedy is given by the Persian poet Sa'di:

If the litigious men taste of friendship with the friend, they will find that their life would waste.

In quarrels without end? "That ye be preferred together in the same mind and in the same judgment," continued Paul.

"Nothing do so much keep men out of the church and drive men out of the church, as breach of unity,"—Bacon.

There were three parties in the church at Corinth. Paul had learned, which were called by the name of the leader which each admired the most and regarded as most important: the adherents of Paul, those of Apollon and those of Cephas or Peter. There was also the party of "Christ," which may have arisen as a protest against calling any man the leader of the church. To use the name of Christ as a watchword of a party must have seemed a terrible thing to Paul.

"Is Christ divided?" Paul questioned. Is Christ made a part of the whole? The whole? By this question Paul expresses his horror at the thought of degrading Christ to the level of a human messenger. "Was Paul crucified for you? Or were ye baptized into the name of Paul? Or are ye called by the crucifixion of Christ? They were saved, by baptism they were dedicated to Christ's service; and it was terrible that they could put others on a level with Christ.

One may say, I am of Paul; another, I am of Apollon; but let neither forget that both Paul and Apollon are disciples of Christ, and remember the words of Christ Himself: "I pray for them; that they all may be one, as thou, Father art in me, and I in Thee, that they may be one in us."

Northern Trip Successful

Commander McMillan and Party Brought Back Interesting Information

The general result of scientific observations by Commander D. B. McMillan, who arrived at Sydney, N.S., on his exploration schooner Bowdoin from Labrador, has established the boundaries of plant, fish, and bird life further north than generally supposed.

Commander MacMillan said his expedition had been highly successful and that 6,000 specimens of plant life and many varieties of fish, birds and game were brought back by scientists in the party.

A number of these were hitherto supposed to exist so far north as Nain, a point on the coast of Labrador where the commander had his headquarters. None of the party was ill during the time the expedition was on the Labrador coast. In the house they built with the lumber taken North last summer, they were so comfortable that they had frequently to open windows to cool off although the mercury at the time registered 45 below.

The Measure Of A Man

S. R. Guggenheim, the New York financier, said on the Mauretania: "Every man has a different tape-line, his own special tapeline, to measure his fellows by their wealth, the blue-blooded men by their blood, and so on."

"Once an important personage lay very ill, and I said to an editor at the Lotos Club:

"How is Blanc today?"

"Blanc," said the editor, "passed on this afternoon."

"Poor Blanc!" I said. "Worth more?"

"Um—about a column," said the editor.—Literary Digest.

U.S. Feels Canadian Prosperity.

Farm Implements Imported From U.S. Reach High Valuation

A reflex of the prosperity prevailing in Western Canada, which touches the United States, is indicated by Canadian purchases of farm implements in that country. In July these purchases are stated to have broken all records. During that month the Dominion import shipments of this kind totalled \$5,958,802 in value, making a record of \$29,777,201 for the first seven months of the year.

The bulk of these purchases consisted of tractors and harvesting apparatus. During the month of July, more than 1,600 tractors were shipped to Canada, of which 1,422 were wheel tractors of from 15 to 32 horsepower. Other large items among the Canadian purchases were 3,945 harvesters and binders, 914 combines and 552 threshers.

These purchases from the United States are, of course, in addition to great quantities bought from Canadian manufacturing concerns and represent only a portion of the activity in the farm implement field due to this year's record crops.

Everybody Welcome

Nervous Curate (giving out notices): "The vicar will continue his pleasant series of Friday evening addresses in the parish hall, and the subject next Friday will be Hell. The vicar hopes to see you all there. The collection will be for the new heating apparatus."

Canada has 600 electric power plants, representing a capital of \$800,000,000.

DIARRHOEA

Was So Bad

Child Passed Blood

Mrs. Harry Nesbitt, R. B. No. 3, Shannon, N.B., writes:—"Last fall my little boy took very bad with diarrhoea and before I knew it he was passing blood. I went to our medicine case and gave him a dose of

and a little later gave him another, and half an hour after the second dose he got relief and by the time he had taken six doses he was like a different child.

This wonderful bowel complaint remedy has been on the market for over 50 years; put up only by The T. Millers Co. Limited, Toronto, Ont.

The village of Bounty, Saskatchewan, on the Moose Jaw-Macklin line of the Canadian Pacific Railway came into prominence at the Saskatoon Exhibition this year by winning a majority of the trophies offered for competition in field crops. The cups won by the Bounty boys were those donated by Quaker Oats, John East, Butler Byers, and the Kiwanis Club. The names of the boys are, reading from left to right—standing, Howard Silbald, Harold Smith, John Gidchrist, Howard McPhadden, reserve grand aggregate winner; seated, Roy Matheson and John McKay.

Largest Passenger Engine in British Empire

When the largest passenger locomotive in the British Empire emerged from Angus Shops under her own steam, close to eight thousand employees, most of whom had contributed something to her creation, stopped to cheer as, her throttle gently opened for the first time, she moved slowly forward. She is a triumph of Canadian design and engineering craftsmanship; a graceful mechanism nearly one hundred feet long, with a tractive effort of 60,800 pounds, equal to 3,585 horse power.

The new K-1-A Class locomotive has been built from designs originated in the motive power department of the Canadian Pacific Railway in the company's own shops by its own employees. Two of these engines have been constructed and they will first be operated on the Montreal-Toronto run.

Although its weight, 424,000 pounds, is greater than that of any other passenger engine in Canada, the extensive use of Canadian nickel steel parts has reduced it to a minimum, and the high ratio of tractive power to weight is a notable feature of the new engine. Other features are a one-piece cast steel locomotive bed; a tender with a water bottom underframe; boiler pressure of 275 pounds, the highest of any locomotive in Canada; and eight pairs of wheels, a four-wheel leading truck, eight drivers, and a four-wheel trailing truck. The wheels have a diameter of 75 inches and the cast nickel steel cylinders are 25½ inches by 30 inches. The coal capacity is 18½ tons, and water capacity 12,000 gallons. A mechanical stoker considerably lightens the duties of the fireman.

The new design aimed at largely increased power, reduction of weight and elimination of parts. The result has shown that Canadian technical skill and workmanship is equal to the task of putting a fully equipped engine of the best type under its own power, and that the Canadian Pacific Angus shops, the second largest on the continent, are capable of vying successfully with recognized engine building plants anywhere in the world.

Here and There

(115)

The Maritime Livestock Market was organized in March, 1927, to market Maritime livestock—chiefly horses, lambs and some cattle—for 7,000 members of over eighty clubs in the three Maritime Provinces. The report of the first year shows \$52,277 received for 25,417 lambs, 19,815 hogs, 20 calves and 414 cattle.

An extension to the air express services maintained by the Canadian Pacific Express Company has been announced, and a new air line will be opened early in September between New York, via Albany, and Montreal. Lines are already operating between Rimouski, Montreal, Toronto, and Ottawa.

A name of unusual distinction will be added to the Canadian Pacific's Royal Family of ocean steamships when the fourth 20,000 ton vessel of the new "Duchess" class is launched in Scotland. She will be named the "Duchess of York," and will be christened by Her Royal Highness the Duchess of York. The ship's name being recently changed from the "Duchess of Cornwall."

Despite the doubts of nervous tourists, the grizzly bear is more attracted by the sight of a huckleberry bush or a stream full of fish than the prospect of a juicy specimen of human life, and the splendid crop of huckleberries now in British Columbia will probably contribute to a successful hunting season during the month of September and the early part of October.

Fort William, Ontario. — Three grain elevator corporations with large interests at the Head of the Lakes are involved in a merger of several powerful Canadian terminal and line elevator companies, the new company being known as the Canadian Consolidated Grain Company. A total of 12,000,000 bushels of elevator capacity will be owned and operated by the new company.

Betty and Buster Bruin, two little black bear cubs, have sailed from Montreal for Italy where they will be presented to the Marquis de Pinedo, the famous Italian round-the-world flier. They are woolly babies, scarcely larger than a child's toy teddy bear, and of an amiable disposition. They were obtained by Mr. E. Roncarelli of Montreal, through the General Tourist Department of the Canadian Pacific Railway, and are similar to the little bears sent over by him a few years ago to Mussolini.

The Dominion Government is going in for pigeon breeding with the object of training these birds for purposes of communication. The Department of National Defence has in charge of it two. The Civil Service Commission has announced an open competitive examination for a pigeon-loft manager in connection with the civil government air operations of the Department of National Defence, to organize and administer a pigeon communication service.

The Canada Goose makes remarkable migratory flights but it is not generally known that civilization has so far effected his habits that sometimes he travels by railway. A pair of wild geese enjoying this modern luxury passed through the Windsor Station, Montreal, under the proverbial wing of the Canadian Pacific Express in a specially constructed crate. There are a number of bird sanctuaries throughout Canada and the United States where plump geese are kept to reassure their comrades that all is safe and secure for them to stop and rest on their flight north and south.

The annual dog-racing classic—the Eastern International Dog-Sled Derby—will again be run in Quebec City, February 20-22 next, under the auspices of the Winter Sports association of that city. It will cover 120 miles in the three days and already some of the best known mushers in the United States and Canada are entered for the race which carries a cash prize of \$1,000 and custody for a year of a handsome gold cup.

Calgary — More than \$500,000 worth of cattle from the farms of the province of Alberta were exported to the United States between July 1st and November 30, 1927, according to the report of the American Consul at Calgary. The shipments include some 12,000 head comprising stockers, feeders and butcher cattle. The American markets at the present time are very inviting to stockmen in Western Canada and shipments have shown greater activity during the past six months than in any similar period since 1922.

Canadian Pacific Express, railway and steamships and finally an air-line are employed to carry two boxes of roses from Brampton, Ont. to Paris, France as a gift at Christmas. They were sent by Lt.-Col. J. B. Maclean of Toronto to Princess Carolyn de Faucigny-Lucinge and to Countess Odon de Lucinge, among the heavy snowfall that swept Great Britain at that time prevented them from being placed on these ladies' breakfast tables on Christmas morning. As it was, they arrived two days later, as fresh as though they had just been plucked.

Have a Kick

In a certain western town, a beautiful chorus girl used a rich banker for breach of promise and was awarded ten thousand dollars. Shortly after leaving court she was hit by a

street car and broke eight ribs. The same judge awarded her eight dollars.

Moral—Never play with a woman's heart—kick her in the ribs—Vulcan Advocate.

WHY THEY KEEP AT GOLF

He topped his drive from number one, Resulting in a roller;
And dubbed his mashie to the green, Took seven or he holed 'er.
And tho' mayhap he cussed a bit, It only made him holder.

On number two he tore a slice Into a swampy thicket;
The ball fell in a hollow log From thence he had to pick it,
And e'en while growling at his luck, He vowed that he could lick it.

He hooked one badly down at three, Then on into the bunker,
And chipped and dug for fourteen strokes

Till finally he sunk 'er.
All those who saw him at his task Could swear he was no funk.

At four and five the divots flew In manner quite alarming;
At six and seven one would think He was engaged in farming.

At eight he missed so many that The air got quite a warming.

But when on nine, his driver struck Like lightning on the rubber,
And on it flew toward the pin As tho' steered by a rudder!

Three hundred yards—a single stroke! He holed out in another!

His palpitating heart proclaimed The joy that walloped brought him;
He told his feat a hundred times To anxious fans who sought him.

And that is why man keeps at golf When once the "bug" has got him!

BACK FREE VACATION

Oh, sweet, spurnal, syrian spot, Where free free frets' care,
Tis well tae park yer work-worn frame,

An' breathe the fragrant air! It's like again I ne'er shall see,
Until m' bag I pack

An' make tracks for m' final lang Hame paradise.

Tis summer sun is ne'er see bricht 'As when it thraws its beam Upon this rustic solitude'

An' o'er this rippling stream, An' there, m' fren, ye'll surely find
The auld earth's at her best,

Free frae a' things that vex the soul, Human an' insect pest,
'An' where,' ye ask, "this gladsome glade,

Wi' charms that wullna tire?" In a vacation folder traw,
Writ by an awfu' liar.

He: "I want some loving. Let's take a spin in my cak."
She: "Sir, I am not a spinster."

Little bank roll, 'ere we part, Let me hug you to my heart;
All the year I've hung to you—I've been faithful—you've been true.
Little bank roll, in a day You and I will start away,
To a good vacation spot— I'll come back, but you will not.

We know a pretty girl, Who dresses like a whizz;
And though her mind's not oft made up, The rest of her sure is!

Following are a few of the applicants for the position of police and works foreman for Blairmore: P. McEwen, J. J. Bishop, Dave Warner (\$100 a month), A. J. Smith, H. G. McIlvina, W. L. Woods, Isaac Wright, W. F. Leigh, Arthur F. Borden, Jas. Hart, W. Jackson, H. L. Michel, Bill on Hook, S. R. Staddon, Charles Robertson, Roland Crayford, Evan Morgan, W. R. Burrows, W. Patten, P. L. Goodner, R. Wootton, Ithor Comfort, W. Duncan and J. Borhay. There were less than one hundred others, whose names we have not time to enumerate.

A few days ago, a little boy was old by a boy from next door that his new baby had been left at their house. He replied, asking "How much did our daddy get for the old one?"

The conversation outlined above took place in a Jewish restaurant in Boston. Now, gentle reader, go to it!

The C.P.R. will build a bridge, 1850 feet long, spanning the Saskatchewan river near Nipawin, Manitoba. The bridge will have a traffic deck.

"Does your husband lie awake at night?"
"Yes, and he tells them 'in his sleep, too.'"

Sailor (who has fallen overboard): "Aho, there! Drop me a line!"

Tourist on deck: "All right. What's your address going to be?"

Canned Tomato

"I contend," said the counsel for the defence, "that a tomato, however well aimed, could not have caused a black eye."

"But it was in a tin, sir," replied the witness.

Answer to Correspondent

Editor, what is the correct length of a lady's bathing suit?

Girlie's answer: The Dominion censor of bathing beaches states that any bathing suit which covers the torso and has a semblance of a skirt is quite correct and within the law.

(Editor's note: — Now I suppose some darnpool will write in and ask what torso means.)

Sweet little Emily Rose, Was tired and sought repose.
But her brother, named Clare, Put a pin in her chair.
And sweet little Emily Rose.

A gentleman was walking down the street here the other day with a little boy at his side; when the boy cried out: "Oh pa! There goes the editor!"

"Hush, hush," said the father. "Don't make sport of the poor man. God only knows what you may come to yourself some day!"

He: "I think it's terrible the way girls smoke cigarettes."
She: "But you've got to admit they're improving."

When He Winked

A person, who was finishing a round of golf, got bunkered at the eighteenth. In the process of extracting his ball he got some sand in his eye.

The eye continued to trouble him when he went into the clubhouse and ordered a glass of milk. When he tasted the beverage, he looked sharply at the steward and said: "Is this milk?"
"Well, sir," grinned the steward, "naturally I put a dash of rum in it when you winked."

Tactless of Her

"George," she asked, "if we were both young and single again, would you want me to be your wife?"

"Now my dear," he absent-mindedly replied, "what's the use of trying to start a quarrel just as we have settled down to enjoy a quiet evening?"

A man lay in the road surrounded by what was originally an automobile. His face was cut and his clothes were torn. The auto was a total wreck. A passing machine stopped and a man got out. Leaning over the prostrate man, he asked, "Have an accident?"

Faintly the reply reached him: "No, thanks. Just had one."

BEER ALE STOUT

These refreshing beverages manufactured by the five great breweries of Alberta in their modernly equipped brewing plants, are outclassed by nothing in the form of malt beverages made in, or imported into Canada.

THE PASS FIFTEEN YEARS AGO

(The Blaimore Enterprise, 1913)
July 25.—Thursday was surely a red-letter day for The Pass, and particularly Blaimore, when the Independent Order of Oddfellows, under the auspices of the three Lethbridge lodges, gathered for their annual picnic. A special train of twelve cars, carrying eight hundred people, arrived from Lethbridge and points intermediate at 11:30. Hundreds of others arrived by regular trains. Members of the local lodge were lined up near the station, ready to have their forces augmented by members from Pincher Creek, Cowley, Macleod, Monarch, Taber, Grassy Lake, Claresholm, Michel, Coleman and Lethbridge. Over nine hundred comprised the procession, which was headed by the Coleman brass band. About twenty floats joined the procession. First prize for floats was awarded the F. M. Thompson Co.; the second to Berry & Doubt; the third to R. Smallwood, and the fourth to Brisco. The judges were Fritz Sisk and C. J. Eckstorn, of Lethbridge, and Rev. W. H. Muncester. In the sports a number of prizes were won by Mr. W. H. Turner, of Blaimore.

At a meeting of Crow's Nest Encampment No. 8, held on Wednesday night, the officers for the ensuing term were installed by District Deputy Lowther, of Lethbridge, as follows: J.P.C.P., F. W. Doubt; C.P., W. J. Bartlett; H.P., R. C. Green; S.W.,

H. B. Berry; J.W., F. E. Hinds; recording scribe, A. Morency; financial secretary, H. G. Bigelow; treasurer, Joseph Montalbetti.

F. M. Thompson Co. were awarded the prize for the best dressed window in town on Thursday last.

Master Willie Cousins had the misfortune to break his arm above the wrist while playing football at Bellevue last week end.

August 1.—Rev. J. C. Sycamore, M.A., of First Baptist Church, Calgary, occupied the pulpit of the Baptist church here on Sunday morning and evening last, the occasion of the church's anniversary. On Monday night he lectured from the theme: "Unopened Parcels."

A survey is being made for a line of railway to run north and west from Blaimore, a distance of some thirteen miles, connecting with valuable coal properties.

Michel miners laid down their picks on Monday of this week, because of the discharge of several men.

Fadys McLaren's new house on State Street is nearing completion. Twenty other buildings are in course of construction here.

The death occurred at Lethbridge on Tuesday morning of Minnie, beloved wife of W. J. McGowan, of Frank, in her thirty-sixth year. The remains were laid to rest in the

Blaimore cemetery on Thursday afternoon, Rev. W. T. Young and J. F. Hunter officiating.

THE VALUE OF PLAYGROUNDS

The directors of the Montreal Parks and Playgrounds Association have addressed to the executive committee a letter in which they ask the civic authorities to reserve certain parts in the city's new wards as playgrounds for children. It is a commendable and practical suggestion. The best physical and moral safeguard for our children is play grounds. The fact is well recognized in the United States where the citizens and the civic authorities do not hesitate to make sacrifices which will assure means of recreation for the youngsters. Money spent in this way saves money that might otherwise have to be spent on hospitals and sanatoriums, or even on reformatories and prisons. From every point of view children's playgrounds are a profitable insurance for the whole community.—La Presse.

The funeral of the late Mrs. R. T. Johnson took place at Bellevue on Sunday afternoon and was very largely attended. Floral tributes were many and signified the esteem and respect in which the deceased lady was held. A very impressive service was held in the United church at one o'clock, conducted by Rev. J. L. Wright, the pastor.

THIS CHANGING WORLD

Those whose lives have been prolonged fifty years or more are impressed by the rapidity with which custom, business practices, manufacturing processes and methods of transportation change. Styles in clothing endure for only a brief period. Amusements that for a time are widely popular soon give way to others. Administrative methods that were employed for generations are no longer effective and have been superseded by others that are better adapted to the age in which we live. Diseases that once killed thousands of people annually have been conquered by medical science. The span of life has been lengthened from 23 years in the middle ages to 52 in 1923.

Human nature, however, does not change. Men today are actuated by the same motives of love, fear, hate, pride and ambition as influenced the Romans in Caesar's day. Progress and civilization have altered their habits and ideas but their fundamental characteristics remain the same.

Young men and women regard many of the views of their parents as to what they should not do as out of date. Perhaps in some cases they are right, but in most instances the advice given them is founded upon their parents' experience.

Character building is governed by the same principles that have been in force for a thousand years or more. Clean living, honesty, consideration of the rights of others, loyalty, perseverance and hard work are qualities that have always been admired in all ages. The young man who thinks he can be successful without them is due to a rude awakening. They may be "old fashioned" but they are fundamental and indispensable in the makeup of the man who would achieve the best things there are in life.

The young man who is willing to profit by the experience of others is going to be spared many headaches, disappointments, and financial losses that come inevitably to those who go glibly and heedlessly along the road. What a wonderful thing it would be if each generation would absorb all the lessons in human behavior that have been learned by the preceding generations.—The Beaver.

CRANBROOK WINS C.N.P.

TENNIS CHAMPIONSHIP

The final match of the year for the possession of the C.N.P.L.T.A. shield took place at the courts of the Perie Tennis Club on Sunday, September 9th, between the Cranbrook and Blaimore tennis clubs, winners of their respective sections of the league. After gaining a lead in having the shield practically conceded to them, the Blaimore mixed doubles entries faltered and allowed the Cranbrook club to win the shield or, the second year in succession.

When the smoke of battle cleared and the scores added up it was found that Cranbrook had won six matches: 0 Blaimore's five. Cranbrook's victory in both mixed doubles events was unexpected and overconfidence cost Blaimore the championship. Despite having lost the match the Blaimore players report an enjoyable trip and hope to profit in the future by their experiences. Following were the results of the events played:

Men's singles—Hnatyshyn beat G. Simpson, 1-6, 6-4, 7-5; Jones lost to R. Fergie, 6-4, 3-6, 6-4; R. Pinkney lost to W. Ross, 2-6, 6-1, 9-7; J. McPhail lost to A. Raworth, 3-6, 6-3, 6-0.

Men's doubles—Hnatyshyn and Jones beat Simpson and Fergie, 6-3, 3-6; McPhail and Fraser beat Ross and Raworth, 6-3, 6-0.

Ladies' singles—Mrs. Kerr beat Mrs. McIntosh, 8-6, 7-5; Mrs. Jones lost to Mrs. Willis, 6-2, 7-5.

VALUE OF NEWSPAPERS

When your car gets stuck in the mud and the rear wheels merely spin around and your friends advise you to call for help, get a bunch of newspapers, slip them under the rear wheels, turn on the juice and see the car come out of the mire. Newspapers are great uplifters. When your business gets into a rut, the newspapers will help you out if you use the advertising columns. Great is the power of the press.—Ex.

SOVIET LEADER'S BRAIN

CUT INTO 31,000 PIECES

MOSCOW.—The brain of the late Nicolai Lenin, the Bolshevik dictator, has been cut up into 31,000 slices and particles. For two and a half years the entire scientific staff of the Lenin Institute at Moscow, under direction of the famous German savant, Professor Otto Vogt, has been busy with the task of dissecting, analyzing and preserving the grey matter of the apostle of communism.

GEOLOGICAL MAP OF

SOUTHERN ALBERTA

A map of great interest to petroleum geologists has just been published by the Geological Survey. It shows the geology of the greater part of southern Alberta and western Saskatchewan, from the International Boundary to Township 35. It is published on a scale of eight miles to one inch, and in addition to the distribution of the geological formations shows the rock outcrops, the more important cultural features and the location of the groups of borings made in search of petroleum. The value of the map is greatly enhanced by a supplementary sheet giving seven geological sections made across the area in an east and west direction. Copies of the map and sections may be had by applying to the Director, Geological Survey, Ottawa.

AN ELOPMENT

An unusual occurrence happened in Blaimore on Monday afternoon, when a pair of Percherons attached to a wagon on which was riding a ferocious cow, started to run away. After dashing about two blocks, the cow decided her position was not a tenable one and attempted to jump, tumbling forward, she landed fair on the back of one of the horses and from there safely to the ground, apparently without injury. The team continued their mad dash till they were captured near the mine, about half a mile away.

We understand that Mr. Jersey purposes suing for divorce.

SOME NEW

SCHOOLBOY "HOWLERS"

The sun never sets on the British Empire, because the British Empire is in the east and the sun sets in the west.

The Minister of War is the clergyman who preaches to the soldiers in the barracks.

A passive verb is when the subject is the sufferer, as "I am loved."

Algebraical symbols are used when you don't know what you are talking about.

The mechanical advantage of a long jump-handle is that you can have someone to help you pump.

The whole world except the United States lies in the temperance zone.

"The best book I have ever read was lamb's tails from Shakespeare."

WORLD MONKEY SHORTAGE

Because of the great number of monkeys needed for gland operations there is a shortage of the supply of animals. This has just been disclosed at Mallock Bath, the Derbyshire, England, spa. This year the annual exhibition of monkeys provided for visitors has been abandoned because the cages are empty. According to M. Flint, the town manager, he has been informed that 70 monkeys were be-

DID YOU EVER STOP TO THINK?

(By Edson R. Walte, Shawnee, Oklahoma)

That advertising is a service to the public.

That this kind of service is of assistance to the public.

That now is the time for some business concerns to quit thinking that the public owes them something and think of what they owe the public.

That the public expects to know about the business world and what they have to sell through the printed page.

That out of consideration for the public, every business man should advertise.

That every business should look ahead; they must anticipate; they must employ well-established policies of modern business; they should have faith in their city, faith in their business, confidence in themselves, and then advertise.

That often honest pessimism is better than dishonest optimism.

Merchandise that is good enough to sell is good enough to advertise. The power of advertising is so strong that the majority of people will buy only from those who advertise their wares.

ANTI-ACCIDENT RULES

Ten timely anti-accident suggestions are contained in a bulletin issued by the National Safety Council:

1. Look out for children. You can never tell what they'll do, and you're always wrong if you hit one.
2. Don't pass a standing trolley car. Some day the jury may call it manslaughter.
3. Don't speed around corners for it's a straight route to the hospital.
4. Drive on the right side of the road; it's the only safe side.
5. The fact that you had the right of way won't bring anybody back to life—least of all yourself. Use discretion.
6. Do not stop short, without giving warning. The other fellow is no mind reader.
7. Do not back up without looking to rear.
8. Do not park or pass on curve or hill. There's plenty of straight road.
9. Slow down when approaching a crossroad; it is nearly as dangerous as a railroad crossing.
10. Be courteous to other drivers and traffic officers. Courtesy prevents accidents.

Mr. W. W. Scott, local Board of Trade secretary, received word this morning that the traffic bridge at Yakk had been destroyed by fire and that auto traffic would likely be held up several hours.

ing shipped from England to France each week for Voronoff monkey gland operations, and that the supply had not proved equal to the demand.

WHAT COULD BE SMARTER

YOU want a car that's new. A car that combines style leadership, brilliant performance and exceptional value. In short, a car like this new Oldsmobile with its voguish new bodies by Fisher, its rich upholsteries and appointments, its deep cushioned form-fitting seats and four Lovejoy hydraulic shock absorbers.

And this new Oldsmobile provides performance in keeping with such style and luxury. Its great new 55 h.p. engine gives brilliant high-compression results without special fuel.

You cannot fully appreciate this car until you see it and drive it yourself. Then you'll know why we say "what could be smarter?"

The Impatient West

Twenty-five years ago the population of the three prairie provinces was considerably less than one million people; today it is well over two million people. Nevertheless Western people talk of the slow growth in population, and are severely critical of the Government at Ottawa, irrespective of its political complexion, and the immigration policies which have prevailed.

Twenty-five years ago Manitoba was largely an undeveloped province, while the Provinces of Saskatchewan and Alberta were yet to be born, this vast territory being known as the North-West Territories, lacking a fully autonomous form of government, and without many of the institutions, services and conveniences enjoyed by the people in other parts of the Dominion. Today these three provinces are as well organized, as up-to-date, as any well served in most respects and better in some, than the older provinces.

Twenty-five years ago, with the exception of the main line of the C.P.R. and a few north and south branch lines, this western country lacked railway facilities. Today the whole country is criss-crossed by numerous main lines east and west, and by branches radiating out in all directions, while hundreds of additional miles of branch lines are being constructed every year. In this short space of time, Saskatchewan, the central of the three provinces, has out-distanced every province except Ontario in railway mileage.

During these twenty-five years the production of the West has doubled and tripled and re-tripled; hamlets have become villages, villages have grown into towns, towns have developed into modern cities; municipal systems have been created which compare favorably with those of older lands; courts of justice have been organized; thousands of schools have been erected, high schools, collegiate institutes and universities established; great elevator systems have been created; the telephone has been carried into the most humble rural home.

The old ox-cart, the wagon, the buggy, has given way to the automobile; the single rough plough and yoke of oxen has been superseded to a large extent by the tractor and gang plough; the winding trails leading across the prairie, up hill, down dale, and through the valleys to the far distant little railway station, called for days and nights on the road to market a load of grain, have been converted into well built earthroads, graded to a standard, with bridges and culverts eliminating the old mudholes. Tens of thousands of miles of these good market roads have been built in the last ten or fifteen years, and millions of dollars thereby saved to the people of these provinces. But are the people satisfied? Not a bit of it. When the well designed, properly graded and constructed road, with good drainage, bridges and culverts replaced the old rutted trail and ungraded road, the people were enthusiastic and more than satisfied. But the best of earth roads makes hard going after days of rain, and roads which were regarded as eminently satisfactory even three short years ago, are now roundly criticized and condemned because they are not all-weather roads.

The West is impatient. In many respects it is an excellent quality. The West is not and never will be content with less than the best. And what it wants, it wants immediately. It is impatient at delay. Take this matter of roads. If other provinces, states and countries can have gravelled roads and paved roads, why can't the West have them? Well, the West can have them if the people of the West are prepared to pay the price. But Ontario and Quebec, and the States to the south and the countries of Europe did not enjoy hard-surfaced highways when they were only twenty-five years old, and when their populations were small, and their accumulated wealth not great. These things came to them gradually. But the West is impatient. We are living in an age of rapid improvement, and the West must have everything others have irrespective of its pabners or wealth.

It is not sufficient that in twenty-five years the West has created great provinces out of virgin territory, and supplied its people in that short space of time with institutions, public services, and conveniences which other, older, and wealthier lands took hundreds of years to provide. This it is that in Alberta the U.F.A. Government, under Premier Brownlee, the Liberal Government, under Premier Gardiner, in Saskatchewan, and the Bracken Farmers' Government, in Manitoba, are all under fire because they have not gravelled or paved many thousands of miles of roads, although in order to do so the public debts of these provinces would have been enormously increased and the taxes imposed made much heavier.

And no sooner are roads gravelled than a new demand is made. In Manitoba complaint is now made that these gravelled roads are too dusty, and the Government of that Province is called upon to remedy this condition. In Saskatchewan, a proposal is calmly made that there should be paved roads, running from the United States boundary through the province to the northern edge of settlement; and that at least two other paved roads should be constructed right across the province from east to west—a good thousand miles of paved highway at a cost of many millions of dollars.

And along with the demand for more roads, better roads, gravelled roads, oiled roads, paved roads, is coupled the demand for reduced license fees for automobiles, and the rebatement to municipalities of a goodly portion of the money now collected; in a word, for reduced taxation on the people. It is a peculiar situation. All Governments being urged to spend millions more and to collect very much less.

Yes, the West is impatient, and, at times, apt to be a bit inconsistent, too.

Would Eliminate Punctures

A new type of wheel having two tires, one within the other, and said to be adaptable either to motor or trolley cars was exhibited recently. The outer tire is of solid rubber. The other, inside it, is of pneumatic and is incased in a steel frame next to the hub. This arrangement is said to take the strain from the outer tire while the inner one acts as a shock absorber. Punctures are also eliminated.

Leading Athletes

And Minard's Ideal for preventing stiff muscles and for lessening the pain of strained ligaments.

W. N. U. 1730

Bicycles Popular in Holland

Bicycles are popular in Holland, where there is one to every 2½ inhabitants. This is attributed to the fact that there are practically no hills in Holland. The importance of the machine is recognized by the authorities in that they provide separate bicycle roads running parallel to the other roads.

Helping the Doctor

Dr. Charles H. Mayo, now tells in complete detail just exactly how to run a newspaper and the Ohio State Journal is thinking of writing a two-column editorial on the technique of removing the gall bladder, in case he'd like to know.

"Agriculturists are Contented" "I talked with at least one hundred farmers," said Senator Shipstead of the United States, after concluding a trip through Western Canada, "and I failed to find one who was in any way dissatisfied."

Courtesy opens many doors and lack of courtesy leaves them open.

Decrease in Fish Catch

Production in Canada During Last Year Less Than Last July

A decrease in the total catch of sea fish on both Canadian coasts was recorded during July last as compared with July, 1927. In July last, the total catch amounted to \$7,072,800 pounds, valued at \$2,712,332, as against \$7,451,000 pounds valued at \$3,166,034 during July, 1927.

On the Pacific coast, the catch of halibut during the month under review was 3,608,300 pounds; while the catch of the preceding year was 3,712,400 pounds.

COMPLETELY RUN DOWN

Symptoms That the Blood Is Thin Should Not Be Neglected

Weak, run-down, lacking strength, energy and ambition, nervous, sleepless, poor appetite, digestion disturbed—these are the symptoms named by a great majority of people who have been benefited by the use of Dr. Williams' Pink Pills. These tonic pills correct the condition described and if you have any of these symptoms you should give these pills a trial. Their great value in cases of this kind is shown by the statement of Mrs. James A. Tibbels, Halifax, N.S., who says:—"I was completely run down in health. My blood was thin and watery, and my nerves so bad that I did not sleep well at night. My appetite was poor and the least exertion left me weak and trembling. When I went out I would have a severe headache, and would have to lie down as soon as I got in the house. A friend advised me to try Dr. Williams' Pink Pills. I soon found they were helping me and by the time I had taken the sixth box I felt like a new woman, and have enjoyed the best health ever since. For this reason I can highly recommend the pills to anyone run-down or troubled with their nerves."

Not only do Dr. Williams' Pink Pills help the blood, but their main function is to enrich and increase the blood, and as the blood supplies the whole body, new life is given to the entire system. Better sleep, steady nerves, improved appetite, increased vigor—all these can be yours by taking Dr. Williams' Pink Pills. Begin them today. Sold by all medicine dealers, or by mail post paid, at 50 cents a box from Dr. Williams' Medicine Co., Brockville, Ont.

Pictures From Arctic Cruise

Having completed her annual cruise into the ice-filled waters of Baffin Straits to within 600 miles of the north pole, the S.S. Beothic, of the Canadian Government Arctic expedition of 1928, has returned safely. In her itinerary, the ship followed a course of more than 7,000 miles, frequently under conditions of extreme severity. This voyage was made in six weeks.

Like a Grip At the Throat. For a disease that is not classed as fatal there is probably none which causes more terrible suffering than asthma. Sleep is impossible, the sufferer becomes exhausted and finally, though the attack passes, is left in unceasing dread of its return. Dr. J. D. Kellogg's Asthma Remedy is a wonderful remedial agent. It immediately relieves the restricted air passages as thousands can testify. It is sold by dealers everywhere.

Fruits in Peace River Country

Plums, apples, raspberries and other fruits are now being grown in the Peace River country, 200 miles north of Edmonton. Successful experiments in respect of these fruits were conducted at the Dominion Experimental Farm at Beaverlodge.

Worms in children work havoc. These pests attack the tender lining of the intestines and, if left to pursue their ravages undisturbed, will ultimately perforate the wall, because these worms are of the hook variety that cling to and feed upon the interior surfaces. Miller's Worm Powders will not only exterminate these worms, of whatever variety, but will serve to repair the injury they have done.

Lodge: "Did you ever see anything so unselfish as the weather?" Landlady: "Well, there's your bill."

ATTENTION, WOMEN OF MIDDLE AGE!

Mrs. Goodkey Tells Her Experience with Pinkham's Compound

Byemore, Alberta.—"The Change of Life was the trouble with me and I was run-down, thin, and weak and could not sleep, had a poor appetite and could not do much work. I am taking Lydia E. Pinkham's Compound now and I feel like a new woman. I saw it advertised in the Western and tried it and Lydia E. Pinkham's Sensitive Wash. I have recommended it to a lot of my friends." Mrs. Wm. Goodkey, Byemore, Alberta.

Wheat Pool Advance Is 85c.

Initial Payment To Be Fifteen Cents a Bushel Less Than Last Year

The Canadian Wheat Pool will this year advance to its farmer members an initial payment of 85 cents a bushel on wheat, basis No. 1 Northern at Fort William. This advance is 15 cents a bushel less than a year ago, and reflects the caution of the pool management arising out of the fact that Western Canada is now harvesting the greatest wheat crop in its history.

The Canadian Wheat Pools, which control the world's largest supply of exportable wheat, make an initial payment to their members when the wheat is delivered. Three other payments are made during the year and are determined by the price realized in the foreign market. The initial payment is therefore no indication of the total amount the farmer will eventually receive.

It is announced by the Wheat Pool management that they are starting the new crop year with old stock practically sold out.

Import Game Birds

Ring-Necked Pheasants From Oregon Introduced in Medicine Hat District

Fourteen brace of ring-necked pheasants arrived the other day from Oregon, for the Medicine Hat Pheasant and Game Association. The birds will be placed in pens, already prepared for them on the Bray poultry farm on Ross Creek. The young pheasants are about three months old, apparently, and are about the size of a full grown Hungarian Partridge, although considerably longer in the leg. They are a lively lot and apparently have suffered no harm from the trip. The Association is now in possession of 45 birds altogether, 10 having been secured from the eggs shipped here in the spring. It is proposed to keep all the birds in confinement for breeding purposes and to be in a position to turn loose several hundred, in the fall of 1929, along the creek beds and river flats.

Recipes For This Week

(By Betty Barclay)

SALMON SALAD - CROQUETTES

Can of salmon, 3 hard-boiled eggs 1 cup finely-minced celery, 1 large white potato, boiled and cooled; sprinkle well with paprika and add a bit of onion juice. Mix well with just enough French dressing to form into croquettes. Roll each croquette in finely-ground nut meats and serve on lettuce leaves with salmon dressing made from 1 cup of salmon rubbed through a colander into a plain mayonnaise dressing.

GRIDDLE CAKES

2 cups flour, 1 tablespoon baking-powder, 1 teaspoon salt, 3 tablespoons sugar, 1½ cups milk, 1 egg, 2 tablespoons melted butter. Orange marmalade.

Mix and sift dry ingredients; add beaten egg and milk, beat thoroughly, and add butter. Drop, by large spoonfuls, on hot griddle that has been rubbed over with a piece of raw turpentine, which will prevent cakes from sticking without the use of butter or grease. When griddle-cakes are puffed, full of bubbles, and cooked on edges, turn, and cook on other side. Spread cakes with orange marmalade; roll up like jelly-rolls; sprinkle with sugar, and serve at once.

Corns are painful growths. Holloway's Corn Remover will remove them.

Record Breaking Air Mail Cargo

18,000 lbs. Of Mail Carried By Fleet Of Planes

A fleet of 18 airplanes, each laden with a half a ton of mail, landed at the municipal airport at Chicago recently and established what is believed to be a new record for shipments by air mail. The fleet, chartered by a Lansing, Mich., manufacturing firm which sent out an estimated 18,000 pounds of mail in their record-breaking cargo, carried approximately 18,000 pounds.

The Lansing Company's postage on the shipment amounted to more than \$18,000.

Montreal's Population

Montreal's population is 1,032,885, according to the estimate contained in the 1928-29 Montreal directory. Greater Montreal is estimated to have a total population of 1,174,461.

"Unquestionably" containing all the five vowels, but "abstemiously" contains them all in order.

Minard's Liniment cleanses cuts, etc.

Ship your Grain to the old reliable firm of

McBEAN BROS.

Liberal Advances—Prompt Settlements—Hedging orders and option deals handled efficiently—Ship your own grain and thus do more to stabilize prices than any other system can possibly do. Independent marketing is the only way to obtain the true market value for your grain. Write us for shipping instructions and advice on the markets. Licensed and bonded. Reference Bank of Nova Scotia or any mercantile agency. Premiums obtained for shippers.

McBEAN BROS., 806-818 Grain Exchange, Winnipeg, Man.

Building Model Farms

In Reclaimed Areas

Government Schemes To Stimulate Land Sales In Sumas, B.C.

To stimulate the sale of British Columbia Government land in the Sumas reclamation area, Provincial officials are about to establish three large model farms, with buildings and complete equipment, to be sold as going concerns. The proposal, as outlined by Hon. E. D. Barrow, Minister of Agriculture, is that three complete farm units shall be erected on choice Sumas land at Government expense. In every way they will be models of modern agricultural methods, with houses, barns and machinery. It is believed they will be sold without difficulty, but the main purpose is to attract farmers to the district and to encourage the establishment of first-class farms of similar character there.

Mother Graves' Worms Exterminator will drive worms from the system without injury to the child, because its action, while fully effective is mild.

Defective Vision In Children

Willie can now have a new alphabet when he fails to pass his school examination. According to W. Blocker, chairman of the convention committee for the Guild of Prescription Opticians of America, eyestrain and defective vision is retarding 2,300,000 school children in their studies.

Veterinaries Use Minard's Liniment.

B.C. Salmon Pack

The British Columbia salmon pack this year totalled 519,359 cases compared with 335,562 cases up to the same date a year ago.

Travelling By Airway

2,000 Passengers Fly Across English Channel In Five Weeks

Statistics just published show that Britain is rapidly becoming air-minded. Every week for the last five weeks more than 2,000 people have taken the once perilous air journey across the English Channel. This is an increase of more than 500 over the highest figure for last year.

During the busiest air week last year less than 1,500 people took advantage of the quick service from London to Paris. London now has air trips to 73 European cities. There are nine scheduled services each day to Paris, the first at 6 a.m. and the last at 4.30 in the afternoon. More than 50 per cent. of the cross-channel passengers are women and they have included the extremes in age, babies travelling from time to time as well as the septuagenarian, octogenarian and once a man of 90.

Carried Out Old Tradition

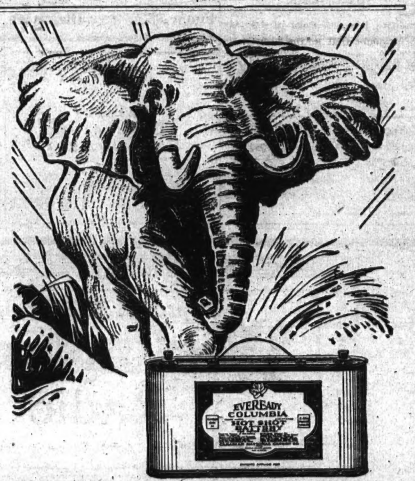

The astronomical clock at Hampton Court, said to be more than 400 years old, is traditionally supposed to stop when a resident of the place is about to die.

Recently the clock stopped. Lady McGregor, who has lived in the palace for more than 40 years was killed in a motor accident barely a week later.

Dressmaking School

A practical training in designing and making costumes and millinery; individual instruction. The Winnipeg Dressmaking and Millinery School, 15 Duane St., Winnipeg, Est. 1900.

A-1 OFFER TO INVENTORS. SEND for our free list of inventions wanted, and send advice. The Ramsey Company, International Patent Attorneys, 273 Bank St., Ottawa.

Strength!

There's a giant of power in each of these famous batteries. You can't beat an Eveready Hot-Shot for heavy duty ignition work—gas engine, tractor or marine.

Crank once, and off you go! Gives millions of fat hot sparks before replacement is necessary. Metal case protects power supply from rain, fog or damp, and assures you full value for your money. Metal case Hot-Shots in 6, 7½ and 9 volt sizes.

Built and guaranteed by Canada's largest battery manufacturer. Look for name "Eveready" on each battery. If it's not an Eveready, it's not a Hot-Shot.

DENIAL MADE OF BAD TREATMENT OF HARVESTERS

Winnipeg.—Statements made at a colonization conference charging improper treatment of British harvesters at an immigration hall in Winnipeg, were declared false by Thomas Gelley, local immigration commissioner.

Mr. Gelley denied the charge made by Thomas Johnston, Labor M.P. for Dundee, Scotland, that British harvesters were kept in an underground cage, guarded by police.

"The immigration authorities have not detained any British harvesters in any way, shape or form, since their coming to this country," the commissioner said.

At the Canadian National Railways Immigration Hall, in the Union station, there is a grilles gate and policemen, two members of the Royal Mounted Police and one Winnipeg police officer, were stationed at the gate recently while arrangements were being made to ticket the 300 British harvesters back to the old country.

"These police officers," said Mr. Gelley, "were stationed at the grilles gate not for the purpose of keeping the British harvesters in the hall, but for the purpose of keeping unauthorized persons out."

Mr. Gelley pointed out that Mr. Johnston was refused admission to the hall because he had not the necessary authority which could have been obtained from Immigration or railway officials.

The charge was made by Mr. Johnston at a conference on colonization arranged by the Empire Parliamentary Association. The labor member declared the men were being herded together like sheep and forbidden to go out.

"British citizens," Mr. Johnston declared, "are not in the habit of being treated that way."

Mr. Johnston, Shaw, Minister of Labor in the Ramsay MacDonald government, declared he had accompanied Mr. Johnston and seen the conditions with his own eyes.

Vicount Peel said he had no personal knowledge of the situation described by Mr. Johnston. But he had no doubt that at the proper time an investigation would be held and the matter fully looked into.

Novel Sentence For Thief

Must Work For Employer Until
Reimbursement Is Made

Ottawa.—A unique sentence was imposed by Magistrate Hopewell in Carleton county police court, described by Mr. Quinn, convicted of stealing \$25 from his employer, Miss Martha Christopher, farmer, of Osage township. The magistrate sent Quinn back to Miss Christopher's farm "to put in 20 days of honest work to reimburse her for the money stolen. Crown Attorney Ritchie approved the magistrate's solution of the case, and Quinn was allowed to go on his recognizances to work out his own salvation.

To Seek Noble Craft

Rome.—The dirigible N-5, a sister ship of lost Italia, is being prepared for a final attempt to locate those of the Italia's crew last seen with the gas bag, says Glonale d'Italia. The dirigible will have Maibach motors and in a few technical details will differ from its ill-fated predecessor. It is said General Noble himself is supervising the work.

Purchase Northern Mine

The Pas, Man.—Colonel Orbelain, of New York, representing certain mining interests in the American city, has purchased the Pat, Pina, Neosap and other groups of claims near Athapapukow at Sourdough Bay from the Baker Patton interests for a sum which is reported to exceed \$500,000.

Driver Did Not Stop

St. Louis, Mo.—A hit-and-run motorist whose automobile struck and killed Jeremiah Horian, allowed his body to ride on the front bumper of his car for 60 feet and then fall under the automobile, who it was run over by the wheels of the car, witnesses said. The driver of the car did not hesitate.

Canadian Is Appointed

Geneva.—Hon. Philippe Roy, first Canadian Minister to France, was appointed official reporter on the question of settlement of Bulgarian refugees and the Bulgarian stabilization loan, at a session of the League of Nations Assembly.

W. N. U. 1750

Rush Serum To Winnipeg

Aid For Sufferers From Infantile
Paralysis Sent From East and West

Winnipeg.—Children of two cities, Toronto and Edmonton, have come to the rescue of infantile paralysis sufferers in Manitoba.

Serum, made from the blood of recovered victims in the eastern and western cities, will be rushed to Winnipeg to aid in checking the spread of the disease and hasten the recovery of its present victims here and at rural points.

Aid from the two cities follows requests broadcast by health authorities in Winnipeg. Numerous recovered victims in Winnipeg have already given of their blood to make the serum, but as a precautionary measure it was thought necessary to get a further supply from outside points.

In Manitoba, chiefly in the city of Winnipeg, there have been 116 cases of infantile paralysis, with thirteen deaths, since the first case was reported in mid July. Health authorities consider the epidemic is abating.

U.S. Fishing Boat Seized

American Boat Detained By Customs
Patrol At Coast

Victoria, B.C.—Seized by H.M.C.S. Thelwell and the Canadian customs patrol near Clayport while in a cove on the west coast of Vancouver Island near Despatcher, two United States fishing vessels, the Marmot from Tacoma, and the Chief Seattle, from Seattle, were brought into Victoria harbor recently.

The two boats and the two occupants of each were handed over to the collector of customs for detention, while the facts of the case were wired to the Federal Department of Marine and Fisheries at Ottawa.

The two fishing crafts were found in Canadian waters recently, and although they were not fishing at the time, things looked suspicious and they were seized. The occupants said that they had taken shelter in the cove from a storm which they thought was approaching.

Distribution In October

Saskatchewan Pool Money Will Be
Paid Next Month

Regina.—Although a despatch from Calgary stated that \$1,000,000 net profits would be distributed to Alberta Pool members within the next 10 days, D. McRae, manager of the Saskatchewan Pool Elevators, states that distribution to Saskatchewan members will not take place until next month.

Stating that each province determined on its particular policy, Mr. McRae said: "Our policy for this is not announced until the financial figures are complete." It will be 10 days or two weeks before the Regina office will have a statement. The statement has to be submitted to the delegates of the Pool before it is made public.

American Aviator Under Arrest

Cherbourg.—Bert Acosta, American aviator, was released on bail but must face trial here because he flew over the Fortress and landed on the naval field without authorization. Three men who had flown here with Acosta, and Charles A. Levine, who sailed for New York, posted \$40 bail for the American, who said he had no money with him.

Drilling For Oil At Unity

Unity, Sask.—Unity Valley No. 2 well shows oil sands in tailing from nine inch casing at depth of 2,160 feet. Sand from tailings smells plainly of crude petroleum. A test with chloroform shows good oil extracted with no water to fight, and appearances are all favorable. Drilling is continuing carefully. Gas is showing as in former well. Expect oil soon.

Industrial Disputes

Ottawa.—Time lost in industrial disputes in July, 1928, was slightly less than during June, 1928, but almost double that during July, 1927. Eighteen disputes were in existence at some time or other during the month, involving 2,449 work-people and resulting in a loss of working time of 28,793 days.

Says Negroes Support Smith

London.—The black man's vote for the United States presidency goes to Al Smith. Democratic candidate, according to Marcus Garvey, self-styled "father of the colored race" who made a dramatic London appearance, saying that he represents 11,000,000 negroes, who in turn represent 400 million more.

Interested In Wheat Pool

British Government Might Buy Wheat
From Pool If Ramsay MacDonald
Becomes Premier

Winnipeg.—If Rt. Hon. J. Ramsay MacDonald again becomes premier of Great Britain, his government may buy its wheat requirements from the wheat pool.

Mr. MacDonald on arrival in Winnipeg had lunch with representatives of the pool. It is understood he discussed the question, in which he has shown a lively interest. He is anxious to know at first hand the prospects of such a step eventually being taken.

The question of direct relations between the British Government and Canadian co-operative marketing agencies has been increasingly discussed in recent years. It is favored by many as an important step in Empire relations, but on the other hand is looked at askance in some quarters as savoring too much of socialism.

Is Not Resigning Post

Sir Austen Chamberlain Expects To
Resume Work In November

London, Eng.—Following alarming reports regarding the health of Sir Austen Chamberlain, foreign secretary, it is learned in medical and other well informed quarters that there is no reason to suppose that the minister will not return from his trip to the West Indies and North America in good health.

An attack of bronchial pneumonia following strenuous work during the past year left Sir Austen in a weak condition, but it is believed that rest and change will restore him to health and will enable him to resume his duties on his return in November.

RECORD CROP IS BEING GARNERED IN THE WEST

Winnipeg.—The rush to move what is estimated as the largest wheat crop in the history of the Canadian West is on in earnest with many thousands of bushels of grain being marketed daily. The rush is earlier than ever before, railway officials said.

With threshing reported general all over the West, cutting completed in Manitoba, and more rolling stock and general equipment needed at strategic points on the prairies than ever before, indications are that the whole operation of taking off the crop and marketing it will be completed in record time.

Cutting is reported as practically completed in Saskatchewan and well advanced in Alberta. Interior elevators are swept clean and ready for the pouring-in of the new grain. Stocks in the lake head terminals have been reduced to 4,531,000 bushels.

Reports of wheat yields are favorable on the whole and at most points the grading is high.

CANADIAN PRIMA DONNA GUEST OF LLOYD GEORGE

Barbara Austen, native of Ontario and Canadian prima donna, who in private life is known as Miss Gladys Jones, was recently the guest of Rt. Hon. David Lloyd George, Britain's war-time premier, at his home in Churt, Surrey. The visit was a sequel to a previous meeting in Canada when Miss Jones sang with Dame Clara Butt at a mass meeting where Lloyd George was the speaker.

Receives Ottawa Appointment

Prof. Lester B. Pearson, of the University of Toronto, who has been appointed a first secretary of the department of external affairs at Ottawa. Mr. Pearson is a professor of modern history. He coached one of the university football squads for several years and was graduate coach of the hockey team last season. He is a graduate of varsity and attended Oxford for a year.

Plane At Saskatoon Seized By Mounties

Pilot Charged With Failing To Comply
With Regulations

Saskatoon, Sask.—Royal Canadian Mounted Police seized an airplane operated in Saskatchewan, with Saskatoon as a base, by Norman Cherry, of the Cherry Airways, Ltd.

The plane was seized by the police acting upon instructions from the Civil Aviation Branch of the Department of National Defense. It is understood that Cherry had failed to comply with certain regulations governing the operation of a plane for commercial aviation in this province. Cherry arrived here from the United States this spring and has been operating throughout the west.

Explorer Seeks Clemency

Dr. Cook Asks President Coolidge To
Shorten Sentence

Port Worth, Tex.—Dr. Frederick A. Cook, Arctic explorer and oil promoter, now serving a 14-year and nine months sentence in the United States prison, Leavenworth, recently sent an appeal for executive clemency to President Coolidge.

The petition, prepared by Dr. Cook from his cell at Leavenworth, asks that the president commute the sentence to the time already served and remit fine and costs assessed in United States district court.

Find Post For McAndrews

Washington.—William McAndrews, former superintendent of Chicago schools, who was found guilty by Mayor William Hale Thompson, for being conspired, among others, for the post of United States commissioner of education, it is learned at the interior department. Dr. J. J. Tigert, of Tennessee, recently resigned.

Nova Scotia Legislature Has Been Dissolved

Provincial Election Is Set For October
First

Halifax, N.S.—The Nova Scotia Legislature has been dissolved. This was announced by Premier E. N. Rhodes, here, following a session of the executive council.

A provincial general election is set for October 1, with nomination day on September 24.

Coincident with the announcement of dissolution, Premier Rhodes, who leads a Conservative administration, issued his manifesto to the electors. In it the premier reviews the activities of his government, which assumed office following the election of June, 1925. He compares the present condition of Nova Scotia with that in which the province found itself prior to his taking over.

It was during Premier Rhodes' regime that the Legislative Council was abolished, and the manifesto is introduced by a reference to this.

Handwriting By Telegraph

Facsimile Messages Now Despatched
Under New System

New York.—A telegraph service whereby a message is delivered in facsimile characters was inaugurated recently by the Postal Telegraph and Cable Company.

By this new system a person may scrawl a message on a blank in New York and in the same time that it takes to deliver a regular telegram the same scrawled message can be delivered in facsimile characters to the country through a telephoto process.

The cost of this new service is one and one-half times the ordinary telegraph service.

The same company also introduced recently a photograph service whereby pictures may be transmitted.

Famous Watch Maker Dead

Robert Ingersoll, Originator Of The
Dollar Watch, Passes Away At
Denver Sanatorium

Denver, Colo.—Robert H. Ingersoll, watch manufacturer and originator of the well-known dollar watch, died here at a sanatorium where he had been a patient since June 17.

Mr. Ingersoll was 69 years old and was born on a mortgaged farm in Michigan. Ingersoll and his brother Charles, capitalists, Ingersoll's line of watches could be made cheaply. The firm of Robert M. Ingersoll and Brother manufactured and sold more than 70,000,000 dollar watches.

Given Command At Coast

Major Ball Has Been Promoted To
Lieutenant-Colonel

Ottawa.—Announcement was made by the Department of National Defense that Major C. E. Ball has been promoted to the rank of lieutenant-colonel and to command of the 11th machine gun battalion in Vancouver. He will succeed Lieut.-Col. H. F. Logan, who has been transferred to the reserve of officers. Lieut.-Col. Ball served with the 11th Battalion, C.E.F., in France and Belgium, being wounded and invalided home in November, 1917.

ENTRANTS FAIL TO FINISH COURSE IN WRIGLEY SWIM

Lake Shore, Toronto.—Lake Ontario was victor in the third Wrigley's marathon swim. Its chilly waters saw the defeat of some of the world's most famous swimmers and none of the 199 starters had sufficient stamina to finish the 15-mile struggle.

Georges Michel, French conqueror of the English Channel, who last year finished second in the 21-mile marathon, was taken from the water at 10:12 p.m., after completing 12 1/2 miles of the course in 11 hours, 12 minutes.

He had been the sole survivor since 6:42 p.m. when Ernest Vierkoetter, of Germany, the 1927 champion and Louis L. Mathison, of Long Island, N.Y., had fallen victims to the cold.

Vierkoetter was forced out after leading most of the way and completing two-thirds of the course. Michel was then the only swimmer left in the race.

The Frenchman, his flagging energy being constantly renewed by stimulants which consisted mostly of brandy, was swimming slowly and unsteadily under the glare of floodlights early in the night.

At 8:45 p.m., nearly ten hours after the 15-mile race started, the French swimmer had about four miles to go.

ROYAL PRINCES SAIL ON GOODWILL TOUR OF AFRICA

London, Eng.—The Prince of Wales and his handsome younger brother, the Duke of Gloucester, have sailed to hunt big game in Africa and also to spread Imperial good will. For days the two adventurers and popular sons of King George have been busy packing for the trip, while the newspapers of London have been carrying accounts and pictures of the regalia and the black people they will see.

Sailing from Marseilles, the Prince and his brother will go to Alexandria and then to Cairo and from there by motor to Jerusalem on the Red Canal. Here the British India steamer Malba will embark them for Mombassa and there they will entrain for the interior of Kenya.

Their baggage includes many fine sporting fire-arms and many an uncouth beast now roaming the native wilds is destined to fall before the aim of the Imperial hunters before Christmas finds them ready to return with the trophies of the chase. The trip for the Prince of Wales holds heavy burdens of official duties. He is hurrying with speeches, prepared for reviews and inspections, and ready with the smiles that have spread his popularity widely.

The Duke is looking forward avidly to his introduction to big game shooting.

His shooting expedition has been arranged for Nairobi in October. After that Kenya, Tanganyika, Uganda and Rhodesia will welcome the Royal visitors. They will spend Christmas as guests of the governor at Capetown.

To Divide Marathon Money

Fourteen Swimmers In Wrigley
Marathon To Receive \$2,500
Each

Toronto.—Fourteen swimmers who distinguished themselves in the third Wrigley Marathon are to be rewarded with gratuities of \$2,500 each by the Canadian National Exhibition.

The exhibition aquatic committee decided to distribute the \$35,000 in prize money in this manner rather than to give the leaders more than those who dropped out hours before and miles behind them.

During Wednesday's swim was unsatisfactory on all points of view, the committee decided that a race between two to five miles should be held later on.

'Plane Parts a Mystery

Wreckage Washed Up At Chatham,
Mass. Has Not Been Identified

Chatham, Mass.—The mystery attached to pieces of airplane wreckage washed ashore at North Chatham has been deepened by the declaration of manufacturers that the fragments were positively not parts of the ill-fated Down, in which Mrs. Frances Grayson and her companions disappeared. The fragments are thought to be parts of wings. They bear numbers, which are not clear, but are either 52626 or 62626-97. No manufacturer's name could be found on the wood.

Russia Sings Peace Treaty

Joins Nations Who Have Pledged
Adherence To Kellogg Pact

Moscow.—Soviet Russia formally joined the group of nations pledging adherence to the Kellogg anti-war pact. Foreign Commissar Litvinoff affixed his official signature to a written declaration which was given to French Ambassador Herbetie for transmission to the United States.

Negotiations with the Soviet government have been carried on through France because the United States does not officially recognize the Soviet government.

Dentists To Accompany Byrd

Boston.—When Commander Byrd shoves off on his approaching Antarctic expedition his equipment will include a \$10,000 dental laboratory, it became known here. Four dental surgeons will be members of the expedition, which should have nothing to fear from tough walrus steaks or other hardy fare.

Egypt Will Sign Pact

Cairo, Egypt.—The newspaper Al Balasah says the Egyptian Government has agreed to sign the Kellogg pact. The pact affirms its reply to the invitations to adhere to the Kellogg-Briand pact renouncing war, the reply being so worded as to safeguard the full rights of Egypt.

Local and General Items

Miss Jean Kemp has accepted a position with Laidlaw's at Nanton.

The Ford factories are now turning out more than five hundred cars per day.

Charlie Cheesman, of Cardston, has been re-elected president of the Alberta Amateur Athletic Union.

Mr. and Mrs. Quigley, of Winnipeg, were guests over the week end of Mr. and Mrs. Fred J. Donkin here.

Mr. and Mrs. Louis Trono, of Banff, were visitors on Thursday last of the former's brother here, Mr. S. L. Trono.

Mr. W. J. McDonough, special representative of The Western Catholic, published in Edmonton, was in town last week end.

For First-Class Work and Quick Delivery, send your HEMSTITCHING to Barton's Music & Sewing Machine Store, Fernie, B.C. [N25]

Duck shooting season comes in on Saturday next. Ducks are reported plentiful. The open season for Hungarian partridge also opens on that date.

Detective Sergeant John Skelton, of the Edmonton detachment of the A.P.P., has been appointed to succeed ex-inspector John Harrison at Drumheller.

HOUSE FOR SALE at a sacrifice. Fully furnished, six rooms, on two lots at desirable corner. For further particulars, apply to A. J. Smith, Blairmore.

Twelve thousand dollars will be spent on the road from Pincher Station to Pincher Creek this fall, making same a graded and gravelled standard highway.

A little fellow left in charge of his tiny brother called out: "Mother, won't you please speak to baby? He's sitting on the flypaper and there's a lot of flies waiting to get on."

Newbays at Drumheller are required to pay a license of \$1.00 and be not less than six years of age. They will be furnished with a badge upon payment of the license fee.

Things that never happen: People of this district threaten to discontinue reading the Lethbridge Herald unless their names appear more prominently and regularly in its crime columns.

Arthur Reid, A.I.E.E., formerly commissioner of public utilities for the city of Lethbridge, has been appointed superintendent of the East Kootenay Power Company's plant at Sentinel.

The Red Deer school board has made a wise move. Smoking by pupils of the school, or use of tobacco in any form whatever by pupils on the premises or going to or from school, will be strictly forbidden.

The new Elks' hall at Okotoks, when completed, will cost over \$14,000. The building is 38x80, with 14-foot ceiling and 10-foot cement basement, with stucco exterior finish. The main lodge room will be 36x72 feet.

We are sure glad we didn't take up smoking. We noticed in the Truro News the other day where Granville Rachael Riddle has died in North Carolina in the prime of life, aged only 109. She had made use of the pipe for eighty-eight years.

The death occurred at Coleman on Saturday last of Albert Brocklehurst from pneumonia. The remains were taken to Calgary, where they were laid to rest on Wednesday afternoon. Deceased was a son-in-law of Mr. C. B. Barrell, manager of the Greenhill hotel, Blairmore, and had been employed on the office staff of the McGillivray Creek Coal & Coke Company, Coleman. He is survived by his parents, residing in Calgary, and his young wife.

FOUR-ROOM HOUSE FOR SALE

Apply to Jack Patterson.

Two storeys are to be added to the C.P.R. Palliser hotel at Calgary.

Mr. and Mrs. Mike Joyce were down from Corbin on Saturday and Sunday last.

Buy a ticket and be one of the three hundred who will sit to a sumptuous harvest supper at the United church on Monday evening next at 6 o'clock.

Mr. Roland Pinkney had the pleasure of direct telephone communication with the Cosmopolitan Fiscal Corporation at New York from Blairmore on Tuesday.

The members of the local Rebekah Lodge will hold their annual Halloween tea and sale of work and whist drive in the evening, on Wednesday, October 31st. Everybody welcome.

A whist drive and dance will be held in the Union hall at Hillcrest on Monday night next, the 17th. Good prizes are offered and splendid music is being provided for the dance.

W. K. HYSLOP announces the arrival of Fall Samples for Men's Suits and Overcoats. Expert fitting in hand tailored garments to your individual measurements—"The Best is Always the Cheapest."

A Connecticut auto driver was found to have no arms and only one leg. Even at that he probably got away as well as many of our motorists who drive without heads—Border Cities Star.

An anonymous article appearing in Monday's issue of the Calgary Albertan gives Coleman a population of 3500. Where do they get such stuff? Surely it's possible to boost without such gross exaggeration.

The snowstorm of last week end simply acted as a warning to fishermen that the season for fishing should be over and 'twas time to rest up. However, quite a number were caught out in camp and the experience there and returning home was anything but pleasant.

Somebody ordered a scarifier for the town of Okotoks and at a meeting of the council of that town last week a motion was passed to the effect that "As neither the council, nor any member of it, had ordered this scarifier, nor know anything about it, the secretary be instructed to refuse delivery."

We can no longer listen to lectures against liquor. On Sunday last we were watching a fisherman hard at work near Castle river. Before casting his line to the river he would dip his hooks in rum, and every time he caught a fish. Ya, rum is absolutely the best fish bait. Of course, it must be good rum.

Miss E. McLean, representing Dominion Chautauquas, is in town this week endeavoring to book Blairmore for a four-evening programme during the last week in November. Miss McLean has booked Kimberley, Nelson, Michel-Natal and other points west and is desirous of entering Blairmore on the circuit.

Dave Oliver was passing in front of Charlie Sartoria's auto garage a few days ago with a wagonload of old tin cans, stove pipe, sewing machines, Taylor safes, etc. Suddenly stopping in front of the garage door, Sartoria remarked: "My gosh, Dave, pretty bad wreck; but take it out back and we'll do the best we can with it. Of course, now mind you, it'll never be as good as a new Ford."

WANTED—A competent stenographer. Experience in a law office preferred. Apply to J. E. Gillis, Barrister and Solicitor, Blairmore, Alberta.

The thermometer is about the only thing that can take a drop and not feel it.

A Forestburg man has taken 85 pounds of honey from one hive in his apiary this season.

The Clarendon town council granted \$100 towards the work of the Salvation Army in the province.

The Drumheller branch of the Canadian Legion will erect a building to cost between \$6500 and \$7000.

If the land surface of the earth were divided among the inhabitants, each one would receive about twenty acres.

Mrs. Brown and daughter Amy returned Tuesday morning from a week's visit with friends in Lethbridge.

At the recent grand lodge convention of the S.O.E., held in Edmonton, Arthur Wade, of Lethbridge, was elected grand president.

Young minister, preaching his first sermon: "Yes, friends, I am trying to follow the Divine injunction to cast out the sick, heal the dead and raise the devil."

An American exchange remarks: "The best English is to be met north of the border." On the other hand, a great deal of the best Scotch finds its way south.

A shipment of \$25,000 worth of Chinese passed through Canada in bond last week, mostly bound for the New England States and Newfoundland.

A little girl was asked to pray for warm weather, so that her grandmother's rheumatism might pass away. This was her prayer: "O Lord, please make it hot for grandma."

The ladies of the United church will hold a harvest festival supper at the church on Monday next at 6 p.m., tickets for which are being sold. The affair will no doubt be well attended.

Mrs. R. H. Shanks, of Winnipeg, international president of the Rebekah branch of the Independent Order of Oddfellows, died near Duluth on Wednesday while enroute to attend a meeting down east.

Miss M. T. Davis has resigned the vice-principals of the Nanton high school, and is succeeded by K. L. Dane, of Blackfalds. Miss Davis was a former member of the Blairmore teaching staff.

H. T. Taylor, editor of the Mannville News, and A. L. Horton, editor of the Vegreville Observer, were visitors to The Pass this week. Returning home, they are attending the Alberta Weekly Press convention at Lethbridge.

The Consolidated Mining & Smelting Company of Canada plan to enlarge their Kimberley plants by fifty per cent, increasing the daily capacity up to six thousand tons. The new additions are to be in operation before the end of 1929.

Poor Almee is in wrong. Several charges of fraud and an action for damages have recently been filed against her, all arising out of her connection with the Angelus Temple and her speculations while organizer and leader of a new religious cult in Los Angeles.

The Miners' Club at Lethbridge was raided by police last week and a charge was laid against the place through the manager, of keeping a disorderly house, to wit, a common gaming house where a game of chance, poker, was being played. Four frequenters also appeared.

A preacher said to his congregation: "There is a certain man among us who is flirting with another man's wife. Unless he puts five dollars in the collection box, his name will be read from the pulpit." When the collection box came in there were nine five-dollar bills in it, and a two-dollar bill with a note pinned to it, saying: "This is all the cash I have, but will send the other three dollars Wednesday."

Editor King, of the Clarendon Local Press, gets this off his chest last week: Several readers expressed appreciation over the Editor's column of last week, and have asked us to keep up the idea. Sometimes when setting about to write a few articles we experience the sensation of the negro preacher who felt called of God to preach. "Brethren, do you know," said he, "I just thought that I would be fired with inspiration and that the Lord God Almighty would fill me with words, like as through a funnel. But, do you know, brethren, when I got up to speak it felt as if the devil had turned the funnel upside down."

The German postoffice department proposes to sell for advertising all the space above the address on all letters. Orders have been issued that no letters will be received which contain a return address on the upper left-hand corner after September 1st. This space will be given over to firms desiring to advertise soap, cold cream, and other articles. The protest by German business men that they will lose big sums by being obliged to discard the supplies of envelopes on hand means nothing to the postoffice department, which has arranged to sacrifice all space not strictly necessary for the stamp and address to advertising. Return addresses in future must be printed in the lower left-hand corner in small type or on the flap at the back.

Her mother: "Now, Willard, you may come to see Mary Frances; but remember—the lights go out at 10." Willard: "Yes, ma'am; I'll be here at 10."

One local lady asked another a few days ago: "How should I make up to look old?" The second lady replied, smiling: "Just wipe off the powder gently."

City visitor: "Why do boys leave the farm?" Discouraged Farmer: "Because they can't race trains to a crossing with a mowing machine, I reckon."

At the Local School "Well, Jacky, how do you like your new teacher?" "He is very nice, but I can't believe him. Yesterday he said that five and four make nine, and today he says that three and six make nine."

It's Happening A man mortgaged his home to buy an automobile. Then he went around and tried to mortgage the car to get money to build a garage.

"How are you going to buy gas?" curiously inquired the man of whom the loan was asked. "Well," replied the other slowly, "if I own a house, a car and a garage, I should think any dealer would be willing to trust me for gas."

A lady entered Scott's grocery a few days ago and enquired: "Can you tell me if there are vitamins in lettuce?" Joe: "Well, mum, there's liable to be a few insects on mos garden trucks, but there ain't no reason in this world why you can't wash 'em off. If you've a mind to, mum."

A little girl, aged three, had been left in the nursery by herself, and her brother arrived to find the door closed. "I want to tum in, Cissy," said Tom. "But you tan't tum in, Tom." "But I wants to."

"Well, I's in my nightie-gown, an' nurse says little-boys musn't see little girls in their nightie-gowns."

After an astonished and reflective silence on Tom's side of the door, the miniature Eve announced triumphantly: "Now you tan tum in, Tom; I've tooked it off."

After an astonished and reflective silence on Tom's side of the door, the miniature Eve announced triumphantly: "Now you tan tum in, Tom; I've tooked it off."
